

Overview

SoCal Reds FC (SCR FC) is proud to provide a comprehensive College Placement Program (CPP) designed to ensure that all of our athletes are well educated, prepared and have the best opportunity to play at the next level. We strive to educate players about the college recruiting process and assist each individual with identifying the best college fit for them based on 4 Fit Criteria Factors: Athletic, Academic, Social and Financial Fit. We also provide college education workshops to provide in-depth insight on the Athletic and Academic process as players progress through the 3 CPP Phases.

The College Placement Program is an ongoing, club-level program that is available to all high school age players in the club. Every SCR FC high school age player has full access to the CPP which includes all recruiting tools, resources, guidance and preparation to help them play at the next level. The program is intended to supplement the efforts of our players and their parents as they work through making informed decisions about the college recruiting process.

What is included in the program.

- College Placement Director with professional guidance and advice
- Education on how the College Recruiting Process works and how to be prepared.
- Coach and Director recommendations for level of play.
- The 3 Phases of the SCR FC - CPP
 - Phase I
 - Phase II
 - Phase III
- The Player Checklist
- Sports Recruits the Online Player Profile Platform, including Highlight Video, College Coach Communication and college research tools!
- Access to the SCR FC online portal which includes all CPP documents, checklists, sample emails and Top 10 Tips video archives.
